DETAILED ACTION

Allowable Subject Matter

1. Claims 25-39 and 47-53 are allowed.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

A. TITLE: Change the title as "A semiconductor component and a method of fabricating the semiconductor component".

B. ABSTRACT:

1. Line 1: Insert --- "semiconductor component and a" --- between "A" and "method".
2. Line 3: Delete "method" and insert --- "semiconductor component" ---.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Gratton on 08-12-05.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The references of record do not teach either singularly or in combination at least the limitations "a plurality of conductors comprising first portions of the conductive layer configured for electrical transmission separated from one another by second portions of the conductive layer configured for no electrical transmission" and "a plurality of grooves through the conductive layer to the substrate configured to define a shape and a spacing of each conductor, each groove having a micron sized width such that the conductors and the second portions substantially cover the substrate" in a semiconductor component having a conductive layer on a substrate wherein a die is in electrical communication with conductors on the conductive layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
